PARENT TEACHER CONSULTATIONS

We had a brilliant turnout for this week's parent teacher consultations - thank you for your time and commitment. It was great to share our children's learning and hear from you about your child and their progress. We had lots of parents who took up the offer to meet Hassane (Tower Hamlets Head Chef) and try our food offer for children. Last night we also had Tower Hamlets Education Wellbeing Service (THEWS) join us to chat to parents about the work they are starting to do in school to support our children's wellbeing. They will also be offering support and workshops for parents. I love the saying 'it takes a village to raise a child' thank you for working in partnership with us.

AN ACTION PACKED WEEK...

Clockwise from top left: Our THAMES award students' day (our school added the first violas to the TH's orchestra), year 4's 'It takes Guts' workshop at the science museum, Reception's Half Moon 'Super Chef' theatre visit, Y6 Remembrance day art and Children in Need in action.

All children have the right to:

- ✓ speak out and be heard
- ✓ be safe
- ✓ get help when they need it.

As part of our Malmesbury value of 'Care' it is really important our children know how to keep themselves safe. Next week's NSPCC sessions support our children in understanding what this looks like and who to talk to if they feel worried or unsafe. We talk about the trusted adults that children might choose to talk to.

These sessions are all age-appropriate and designed to give children both the confidence and the voice to speak up if they ever feel unsure or uncomfortable.
