## Healthy bodies, healthy minds: Sports days

This year's sports days have been a brilliant example of our values in action. For some of our children, this is their moment to shine - we have seen some brilliant sporting performances, particularly on the running track at Mile End Stadium.

For other children, it was all about collaborating with team-mates, persevering and having fun. It was great to see everyone in our school community being included - we made this work in lots of different ways.

Thank you for your support - whether it is sending children in their coloured tops, helping out or turning up to cheer our children, it really matters.

## Year 6 World War II learning ...

Our year 6's have been learning about the Second World War in history. This is a brilliant topic to explore 'cause and effect' and propaganda/bias - all aspects of life which are just as relevant now.

The children have visited St.Paul's Cathedral to learn about how the life of Londoners was affected by the events of the Blitz. They were able to explore primary sources of information and make conclusions about key events.

We also had an in-school visitor (Chris) whose dad became a prisoner of war in Germany. He showed the children the letters, diaries and other precious items his dad came home with 80 years ago. Chris brought donuts for the children, as this is what prisoners of war were given by General Patton, the American General, when freed after VE day.
