## Healthy Schools Awards

A group of our year 4 pupils attended the Healthy Schools award ceremony - they enjoyed lots of different activities including a workshop with the Royal Ballet Company. The children came back with three awards: Silver Healthy Schools Award, TH's Fantastic Food in Schools Award and an Asthma and Allergy Friendly Schools Award.

The children represented our school brilliantly and were even interviewed to share their thoughts on our healthy schools work.

## THAMES Celebration Concert

On Monday, our Music Award children, took part in the Tower Hamlets concert - performing as part of an orchestra. They did brilliantly well and were praised for how they represented our school. We are proud of their hard work and their talent.

## Year 3's trip to London Zoo

Our year 3 children visited London Zoo this week as part of children's learning about animals and their habitats in science.

Another group of our children completed their Malmesbury Maths Mission gold and Platinum challenges and showing they have nailed their times tables learning.

This year 4's multiplication check results continue to be above the national average. Thank you to all our families who are helping children learn their times tables: this makes our children's maths learning so much easier!

We can't wait to see you at our School Fair next Wednesday. We hope we have something for everyone! Don't forget to buy your raffle and 'slime the teacher' tickets. Which of our brave 'volunteers' will be slimed this year?

### This week's attendance:

This week: 95.69%

Nursery Blue: 99.6%

Y2 Normans: 99.2%

Y3 Yorkists: 98.5%
