

MALMESBURY PRIMARY SCHOOL

Newsletter: 21st June 2024

Dear parents, carers,

What a great day yesterday in our KS1 and 2 sports day at Mile End Stadium. For some children this was their moment to shine, for others the focus was on taking part, trying their best and having fun. Thank you to Abdul for all the hard work needed to organise such a big event. Thank you to our teachers for their energy and enthusiasm and thank you to all of you who were able to make it along to cheer our children on.

Congratulations to our Yellow team who took home both the track & field and the circuit awards for this year.

Next stop is our Early Years sports morning on Wednesday- we can't wait!

Celebrating great mathematicians

Our y5/6 platinum Malmesbury Maths Mission Champions were joined by a group of Y6's from neighbouring Olga Primary for a great afternoon of maths and to celebrate the 'Be The Best You Can Be' motto that both schools share.

"We liked working on challenges together. It was great meeting new people." Miqdad Y6

"I like problem solving. I enjoyed using trial and error strategy." Sammy Y6

"One thing I enjoyed about today is fun challenging calculations. I would like to learn more algebra." Tawhid Y5

"What I liked about today was high expectations and it was made in a fun way." Pupil from Olga primary

"I enjoyed meeting new people and having fun answering all the challenges today." Fariha, Y6

Lights, camera, action...

A group of our Y3/4 pupils were involved in filming a short film clip for Tesco about the challenges of summer food poverty being faced by families. It was quite an experience to see our middle hall turned into a film set. Our children loved seeing all that was involved: it was a great experience for all and our children were fabulous.

As a result, we have been given a grant which we will use towards our after-school cooking clubs. Kalpana is already planning the menus!

Can you help?

We would love some items for our forest school mud kitchen:

Pots, pans, jugs, funnels, baking tins, bowls, containers, any kitchen utensils (spoons, fish slices etc), any other unusual utensils such as ice-cream scoops, ladles, rolling pins, colanders, chopping boards, sweet tins, small baskets, large tubs, jelly moulds or ice-cube trays.

Items need to be clean, without any sharp edges or cracks and not easily breakable (no glass please). Please bring them to the office.

In September our reception and Y1 children will take part in forest school sessions. Please email the office if you would like to help develop our children's forest school experience and Ali will be in touch.

Time to get out and about....

We have lots of learning beyond the classroom experiences this term. Here are our reception children enjoying their National Maritime Museum trip.

Next week, our Y2 children are off to Chalkwell beach and our Y3 children at the Town Hall performing in their song concert.
